

# CARD SHUFFLER

## OPERATING MANUAL

# Congratulations on your purchase of Excalibur Electronic's Card Shuffler! Get a thorough shuffle of the cards every time—automatically.

Card Shuffler is easy to use and enjoy. But be sure to use it safely. Before getting started, please read this manual thoroughly, especially noting safety, care and battery information. Keep your manual for future reference.

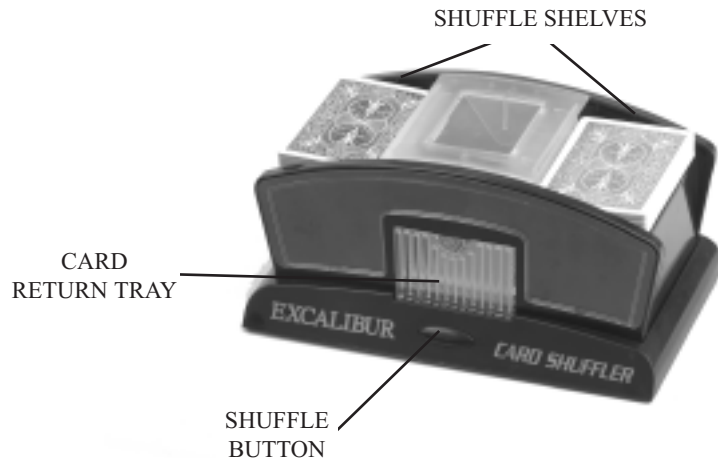

## Installing Batteries

Your Card Shuffler requires 4 AA batteries. Be sure to review “Battery Information” on page 3. To install batteries, carefully turn Card Shuffler over so that the curved side is face-down on a soft surface, such as a towel or magazine. You’ll find the battery compartment on the unit’s back.

Use a small Phillips screw driver

to remove the screw. Lift off the battery compartment lid. Install 4 AA batteries, making sure to match the polarity (+ and -) with the diagram inside the battery compartment. Place the battery door tabs in their slots and snap the compartment door back on. Replace the screw and gently tighten it.

## Card Shuffler Layout

## Shuffling Cards

Your Card Shuffler can automatically shuffle up to two full decks of standard-size playing cards. Just divide the deck or decks into roughly equal halves and place each half onto a SHUFFLE SHELF at the top of the Card Shuffler. (Please see “Card Shuffler Layout,” below.)

Press and hold the SHUFFLE BUTTON at the bottom, middle of the unit. All the cards are shuffled into the CARD RETURN TRAY, which can be pulled out to retrieve the deck easily.

Feed the cards through Card Shuffler two to three times for a thorough, professional shuffling.

## Special Care & Handling

- Avoid rough handling such as bumping or dropping.
- Avoid moisture and extreme temperatures. For best results, use between the temperatures of 39°F and 100°F (4° C and 38° C).
- Clean using only a slightly damp cloth. Do not use cleaners with chemical agents.

## Battery Information & Special Care

- Your Quick Play uses 4 AA batteries, not included.
- Do not mix alkaline, standard (carbon-zinc) or rechargeable (nickel-cadmium) batteries.
- Do not mix old and new batteries.
- Do not use rechargeable batteries
- Install batteries so that the positive (+) side faces up as you reinstall the battery cover screws. Turn unit off when installing.
- Remove exhausted batteries from the unit.
- Do not short circuit battery terminals.

Excalibur Electronics reserves the right to make technical changes without notice in the interest of progress.

## Limited 90-Day Warranty

EXCALIBUR ELECTRONICS, INC., warrants to the original consumer that its products are free from any electrical or mechanical defects for a period of 90 DAYS from the date of purchase. If any such defect is discovered within the warranty period, EXCALIBUR ELECTRONICS, INC., will repair or replace the unit free of charge upon receipt of the unit, shipped postage prepaid and insured to the factory address shown at right.

The warranty covers normal consumer use and does not cover damage that occurs in shipment or failure that results from alterations, accident, misuse, abuse, neglect, wear and tear, inadequate maintenance, commercial use, or unreasonable use of the unit. Removal of the top panel voids all warranties. This warranty does not cover cost of repairs made or attempted outside of the factory.

Any applicable implied warranties, including warranties of merchantability and fitness, are hereby limited to 90 DAYS from the date of purchase. Consequential or incidental damages resulting from a breach of any applicable express or implied warranties are hereby excluded. Some states do not allow limitations on the duration of implied warranties and do not allow exclusion of incidental or consequential damages, so the above limitations

and exclusions in these instances may not apply.

The only authorized service center in the United States is:

**Excalibur Electronics, Inc.**  
**13755 SW 119th Ave**  
**Miami, Florida 33186 U.S.A.**

**Phone: 305.477.8080**  
**Fax: 305.477.9516**

**[www.ExcaliburElectronics.com](http://www.ExcaliburElectronics.com)**

Ship the unit carefully packed, preferably in the original carton, and send it prepaid, and adequately insured. Include a letter, detailing the complaint and including your daytime telephone number, inside the shipping carton.

If your warranty has expired and you want an estimated fee for service, write to the above address, specifying the model and the problem.

PLEASE DO NOT SEND  
YOUR UNIT WITHOUT  
RECEIVING AN ESTIMATE FOR  
SERVICING. WE CANNOT  
STORE YOUR UNIT!

**WE MAKE YOU THINK.**
